STUDENT ACCIDENT REIMBURSEMENT PLAN

This Plan provides reimbursement at a moderate cost, for unexpected medical expenses that arise when accidents occur during the years when students and their families are already carrying the financial burden of an education.

BENEFITS

The Plan will pay the medical expenses incurred by an insured student by reason of accidental bodily injury sustained (including interscholastic sports) and causing loss commencing during the period of coverage, in accordance with the following available benefits.

Pays 100% of eligible expenses incurred for services actually performed, for medical care or treatment by a doctor, hospital confinement, or for the professional care and services of a registered nurse, for each incident resulting in injury during the 24 month period* immediately following date of injury up to a maximum payment of \$2,000.

This inexpensive Plan is broad in its scope and covers accidents on a 24-hour basis wherever the student may be - at school, at home or anywhere in the world - during the term of the policy.
