THE POTOMAC SCHOOL

DEDICATIONS

Mr. Lee

We, the graduating class of 1980, proudly dedicate our yearbook to two very special and deserving people.

The first, although he has been with us for less than two years, has become a very close friend to each and every one of us. From his interesting classroom debates and discussions to camping and other extracurricular activities he has shown us his superior, unique character, which we have all come to love. We will miss you, Skeeter.

We also dedicate our yearbook to a man who over the years have proven to us his singular and considerate disposition. He has a special way of being concerned for the well-being of each of us, his students. We recognize and appreciate this. He is willing to discuss any problems we might have and has supported us in times of need. We thank you for your outstanding instruction and guidance, Mr. Doswell.
